### **Santa Paula, CA America in Bloom 2015 Awards Announced**

(COLUMBUS, OH): Top honors for the prestigious 2015 America in Bloom national awards program were announced at the annual awards held in Holland, Michigan on September 26.

All participants were evaluated on six criteria: overall impression, environmental awareness, heritage preservation, urban forestry, landscape, and floral displays. Additionally they were judged on their community involvement across municipal, residential, and commercial sectors. America in Bloom is the only national awards program that sends specially trained judges to personally visit participants. In addition, each participant receives a detailed written evaluation that can be used as a guide to future improvements.

Santa Paula received a four bloom rating out of a possible five. In addition, they received a special mention and an outstanding achievement award for their efforts in heritage preservation.

Jack Clasen and Evelyn Alemanni, AIB judges, visited communities of similar populations and spent two days touring each town, meeting municipal officials, residents, and volunteers. Other competitors in the 30,000 to 40,000 population category were St. Charles, IL; Saratoga, CA; and Hopkinsville, KY.

Judges said, “Santa Paula’s AIB group has been recognized by the city and the Chamber of Commerce for its efforts in being a catalyst for positive changes in the city. One of its members has been called ‘a miracle for the city’.”

America in Bloom executive director, Laura Kunkle, said, “America in Bloom is helping towns and cities of all sizes achieve their potential. Every year our participants raise the bar, and the accomplishments and progress shown by this year’s group is again remarkable. These are, without a doubt, some of the best places to live in America.”

--more--

Registrations for the 2016 national awards program can be submitted until February 28, 2016. Eligible participants include towns, cities, college and university campuses, business districts, military installations, and recognized neighborhoods of large cities.
