EcoCONNECTIONS

From the Ground Up

America in Bloom partners with CN Railway on a [grants program](#) that encourages communities along the CN corridor to take environmental action by improving their communities through healthy urban forests, landscaping, groundcover improvement, and flower displays.

More than 95 communities along the CN corridor have received grant funding since the program's inception in 2014.

In 2022 we awarded 10 communities \$25,000 each for their projects. Each project requires a matching contribution.

Growing Vibrant Communities™

Through volunteer leadership and community engagement, communities will work toward enhancement goals across seven criteria of self-assessment: community vitality, flowers, landscaped areas, urban forestry, environmental efforts, celebrating heritage, and overall impression.

Auction Fundraisers

America in Bloom held two auction this year. Our silent auction took place at the Symposium and raised \$6,500. The online auction featured exciting destinations for travel, plants, and other horticultural products and more. More than \$8,000 was raised in the online auction, and we are thankful for those who donated items that allowed AIB to extend its fundraising reach.

2022 Financial Overview

In 2022 we had revenue of \$510,020. This does **not** include the thousands of hours donated by our Advisors, volunteers, and other in-kind donations. In 2022 we had expenses of \$609,788. Like many companies and nonprofits, we faced a deficit this past year due to reduced sponsorship, and reduced community participation as a result of lingering COVID-19 effects. We developed and launched a new way of offering programming, which we hope will lead to greater ease of participation in future years.
